

Company information

Legal name	Group 3 Engineering Limited, registered in England and Wales.
Trading name	Group 3 Engineering.
Company number	15510049 (Companies House).
Registered office	Unit 2 Pursley Farm, Radlett, Hertfordshire, WD7 9EN.
Geographic coverage	Approximately 25 miles of our Radlett base, covering Hertfordshire and North & North-West London.
Services	24/7 reactive maintenance and emergency call-outs — electrical faults, gates & barriers, intruder alarms and access control.

Insurance

Public liability	Held. Cover level and insurer confirmed on request; certificate available on request.
Professional indemnity	Held where design or specification work forms part of the Services; confirmed on request.

Accreditations & registrations

Electrical registration	NICEIC-registered, working to the 18th Edition of the IET Wiring Regulations (BS 7671).
Engineer qualifications	City & Guilds / NVQ Level 3 or equivalent, individually assessed against BS 7671.
DBS arrangements	All engineers attending occupied premises hold a current DBS check.
SSIP status	Accredited scheme (CHAS / SafeContractor / other) confirmed on request.
IPAF & PASMA	Held where a job requires mobile elevating work platforms or mobile access towers.
Manufacturer training	Engineers are trained on the gate, barrier, alarm and access control systems we service.
Waste carrier registration	Registered with the Environment Agency, where our work involves removing redundant equipment.

Policies & processes

Health & safety policy	Covers safe systems of work, PPE and incident reporting. Available on request.
Environmental policy	Covers waste, materials and minimising environmental impact on site. Available on request.
Equality & diversity policy	Commitment to fair treatment for clients, engineers and subcontractors. Available on request.
Modern slavery statement	Published where required under the Modern Slavery Act 2015; available on request.
RAMS process	Site-specific Risk Assessment and Method Statement prepared for planned and higher-risk works.
Out-of-hours escalation	On-call engineer answers 24/7; unmet attendance windows escalate to the on-call supervisor.
